To: Marcus Dunn <marcus.dunn@simmonsbank.com>

Mr. Dunn,

Please find an invoice from my attorney for independent contractors' agreements and research on the best way to form the organization based on its mission. The invoice is dated Jan 28th, 2020. Based on guidance issued yesterday by SBA, it is the responsibility of the borrower to provide documentation and certification that they were in operation before Feb 15th, 2020. Please find the attached FAQ as of 4/23/2020.

On another note, I will be holding several zoom meeting with hundreds of small businesses in Georgia and Illinois today. Is there a process you would like me to follow as it relates to submissions. During the meetings, I will let them know the importance of providing all the documents they have at one time in order not to lose their spot in the queue.
